

COMMUNITY GARDENS

When you enjoy growing things, but lack the space to plant your personality, it's time to discover community gardens. You'll enjoy the satisfaction of beautiful flowers or healthy vegetables, and meet others with the same interests. Share tips, seeds, and even recipes.

Several garden organizations teach people to grow their own food, or donate fresh fruits and vegetables for food banks. Some offer tool-sharing.

The list below includes links to community gardens by county.

Clackamas County
